WHO WE ARE

Mission Statement

Founded by Bobby Brown and Alicia Etheredge-Brown in memory of their daughter, Bobbi Kristina Brown, whose life was tragically lost to domestic violence in July 2015,

Bobbi Kristina Serenity House is a 501(c)3 non-profit organization aims to eliminate the epidemic of domestic violence against women, children, and families.

Our guiding belief is to build empowerment and regaining power from deep within. We lead the way to empower men and women of all ages to learn about the perils of domestic violence. There will be an emphasis on moving from crisis to confidence.

By expanding our platform, our organization seeks to address the broader spectrum of challenges faced by survivors by empowering them to rebuild their lives and fostering a holistic approach to well-being.

This call to action invites individuals and organizations to contribute to our mission. This event will be emphasizing that every contribution serves as a stepping stone towards healthy living for those at risk.

Your support reinforces the organization's commitment to ending domestic violence and transforming the lives of many.
